ATHLETIC PROGRAM PHILOSOPHY

The goal of education is to help young people to develop physically, emotionally, intellectually, and socially. The athletic program at Brown City High School is meant to contribute to this goal by providing our student athletes with opportunities to participate as team members in athletic competition with other schools. Desirable individual outcomes include the development not only of physical skills but of sportsmanship, teamwork, self-discipline, loyalty, tolerance and perseverance.

MESSAGE TO STUDENTS

These policies have been developed in the interest of administering and operation an effective athletic program. It is our intent to provide fairness and consistency throughout all facets of the athletic program. Therefore, it is your responsibility to be aware of the primary policies which will govern the athletic program. We would like to suggest that you study the contents carefully. You should be aware that these rules are considered in effect for all athletes, regardless of age, and always whether in season or out of season, twelve months each year, during your entire athletic career.

Athletes are held in high esteem by their peers and community. Because of community commitment to our schools and its athletic program, it is expected that a Student-Athlete will conduct himself/herself in a manner acceptable to the supporters of the program. Brown City High School has established an ATHLETIC CODE that clearly defines certain behaviors as inappropriate and harmful to the young adult and his/her athletic endeavors. Using illegal or harmful substances, exhibiting improper conduct, or engaging in activities considered to be unbecoming an athlete are areas where violations of the code would be dealt with by suspension from athletic contests or from the athletic program.

It is our belief that citizenship and sportsmanship are important life qualities held precious by our community and schools. We expect the athletes of Brown City High School to accept the responsibilities of good behavior along with the privileges and benefits athletics will afford them.

Athletes will be expected to comply with the STUDENT HANDBOOK as outlined for the daily functioning of the normal school program. The rules of the STUDENT HANDBOOK shall be applied to each athlete. This ATHLETIC CODE shall reinforce the STUDENT HANDBOOK and provide for those situations not included in the STUDENT HANDBOOK. An athlete is a student first and an athlete second. A student participating in athletics shall accept the responsibility for following all rules of the STUDENT HANDBOOK and the ATHLETIC CODE. In situations where a student is suspended from school, and is involved in athletics, he or she will not participate in ANY athletic activity during the period of suspension.

TEAM TRYOUTS AND CUTTING

All eligible students will be offered the opportunity to try out for an Athletic team. Each sport has a starting date and there will normally be a minimum of three days of tryouts/practice before cuts are made. Each team and coach may have additional rules and guidelines that are relative to the particular sport.

6th GRADE/JUNIOR HIGH SPORTS

At the Junior High level it is the goal of the Brown City Athletic Program to focus mostly on participation and less on competition. There are no cuts in Junior High Sports. We want all junior high athletes to have an opportunity to be a part of the team and to participate in as many events as possible. Our coaches make every attempt to allow each athlete of the team to be a contributing member.

The MHSAA is allowing 6th grade participation in JH athletics with league discretion. The (GTC) Greater Thumb Conference will not sponsor league team sports, all other athletics will be at the discretion of each local school district.

Cross-Country / Wrestling / Track

6th – 8th Grade with no restrictions

Football

No 6th Grade participation

If numbers fall below 15 athletes a committee of Athletic Director, Head Varsity Football Coach, Principal, and the athletic committee will meet to discuss direction of the junior high football program and bring a recommendation to the Board of Education.

Volleyball / Basketball

No 6th Grade participation unless there are less than 10 athletes on either the 7th or 8th grade teams.

PROCEDURE

Any time an athlete is moved up from the 6th grade to help fill numbers at the junior high level, the following steps must be followed:

1. A meeting between Parent/Athlete/Varsity Coach/Athletic Director to go over contract/agreement of moving player up. Parent/Athlete has the right to decline.
2. Any movement up or down can only be a one grade movement.
3. Players moved up from the 6th Grade are chosen by the Varsity Coach based on the team need. This may not necessarily be the best/most skilled player.
4. Once a player is up, they must stay up for the remainder of the season unless the committee meets to void the agreement.
5. 6th Grade Academic Eligibility will be the same 2-week span as the High School. Students must be passing 5 of the following classes:

Math ELA Reading English Soc Studies Science Spelling
Cannot be failing Physical Education and/or Band

In sports with participation minimums athletes may be moved from 8th to 7th or 7th to 8th to meet minimum number requirements. This is done with approval of Athlete/Parent/Varsity Coach/ Athletic Director.

If an athlete chooses to join a try-out sport after the first practice and does not have prior approval for an excused absence, they will not be allowed to join.

If an athlete moves into the district after the first practice, they will be given an opportunity to make the team.

If it is a non-tryout sport – an athlete may join late with the approval of the head coach, varsity coach, and athletic director. These athletes will be required to complete all requirements (mandatory practice requirements prior to the first competition) as spelled out by the varsity coach and athletic director prior to competing in a game/competition

DUAL SPORT ATHLETES CONTRACT

STATE ELIGIBILITY REQUIREMENTS

<https://my.mhsaa.com/Portals/0/Documents/AD%20Forms/2023handbook.pdf>

pgs. 27-29, 33, 43

BROWN CITY ATHLETIC ELIGIBILITY

1. **ACADEMIC ELIGIBILITY** - To lend substance to the philosophy of being a student first and foremost and an athlete second, there has been incorporated an academic eligibility program that monitors the grades and citizenship of the Student Athlete on a bi-weekly bases. A Student Athlete failing in more than one class or displaying inappropriate behavior in more than one class is denied the opportunity to compete in the athletic events of the following two weeks. After the two-week period, if grades or citizenship improve to an acceptable level that meets the eligibility criteria, the Student Athlete may return to compete in the interscholastic competition. During academic ineligibility the Student Athlete is still expected to be a full member of the team, participating in practice and other team functions, unless time away from the team has been granted by the coach to be spent improving schoolwork and grades.
 - A. Using the master Student Athletic list, each teacher will indicate the Student Athlete in their class who are failing or receiving an unacceptable evaluation in citizenship. Eligibility sheets are to be returned to the office on Thursday of each week by 3:15 p.m.
 - B. Categories for considering eligibility are:
 1. Academic - Failing - E
 2. Citizenship - Unsatisfactory - U
2. **PREVIOUS SEMESTER CREDITS** - In addition to Current Eligibility, a student may not have lost credit in more than one class from the previous semester. The Student Athlete that has lost credit in more than one class from the previous semester is ineligible for interscholastic competition for the current semester. This student would not be allowed to participate in practices or other team functions.
3. **SUSPENSIONS/EXPULSIONS** - Any student Athlete who is suspended or expelled from school

because of a non-athletic violation of student conduct will also be suspended or expelled from the Brown City Athletic Program (including practices) for the same period of time.

4. **PHYSICAL EXAMINATION** - Each year the Student Athlete must have on file a physical examination form signed by a licensed physician stating he or she is physically acceptable for athletic participation in the Brown City Athletic Program before he or she may take part in any practices or contests. Any specific physical restriction must be noted.
5. **PERMISSION TO PARTICIPATE** - The Student Athlete must have on file a form signed by the parent or legal guardian of the Student Athlete granting permission to participate in sports for the calendar school year. This form must be on file prior to the first contest of the season or participation will be denied.

BROWN CITY ATHLETIC DEPARTMENT POLICIES

1. GENERAL TEAM GUIDELINES

Each athlete that is on a team must have a strong commitment to the team and the athletic department in general. Being on a team will require teamwork, self-discipline, loyalty, tolerance, sportsmanship and perseverance. If an athlete has a concern or conflict, first, begin with the Head Coach of the team. See Issues in Athletics.

2. ATTENDANCE

Extra-curricular attendance - A student must be in attendance for at least 4 class hours to participate in an extra-curricular activity on any given day. This rule may be waived if the student has a pre-arranged absence with the Principal/A.D. or was absent due to an emergency in the family.

Absence from a contest and/or practice sessions are excused for illness, death in the family and other circumstances at the discretion of the coach and/or Athletic Director.

Absenteeism from any part of school the day following a contest is to be discouraged. Coaches are to counsel their athletes to avoid this. A record of repeated violations shall require a conference with the coach and Athletic Director to determine disciplinary action.

3. UNSPORTSMANLIKE CONDUCT/PROFANITY

Activities at all athletic practice and competition sessions are under the direction of the coach in charge and will be handled by the coach. Flagrant or unsportsmanlike conduct, including profanity, by a student athlete occurring prior to, during, or immediately following an athletic event may require the student athlete to appear before the coach, athletic director and building principal for consideration of disciplinary action.

4. TRANSPORTATION

Athletes are to travel to and from away contests with their team in school authorized transportation. Parental requests to deviate from this rule must sign a Permission To Ride form with the coach at the sporting event. A note from a parent/guardian must be approved by the Athletic Director, High School Principal or Superintendent in advance to ride home with another adult other than the parent/guardian. Emergencies shall be handled at the discretion of the Coach of that sport.

5. SCHOOL EQUIPMENT & UNIFORMS

School equipment and uniforms checked out by the Student Athlete are his/her responsibility. He/she is expected to keep them clean and in good condition. Loss of any equipment or uniform is the athlete's obligation.

6. QUITTING A SPORT

An athlete that quits a sport **after** the 10th day of practice must sit out the first 25% of games/meets of the next sport they participate in, unless waived by the Athletic Director or Principal due to certain circumstances.

Example: Student-athlete is in possession of alcohol in December and playing basketball. A basketball season is 20 games total, student-athlete will forfeit and is suspended for the next 5 games after the offense. Student-athlete is still able to practice with the team, is expected to attend games (not in uniform), and may be recommended to attend substance abuse courses.
2. Student is placed on two-year probation. If no other offenses (in this section of handbook) within two years (from date of written consequence) the student-athlete's subsequent consequences will reset back to first offense consequences.

2. Second Violation/Violation During 2-year Probation:

- a. Violation must fall within a two-year probation timeframe, which is initiated with a first offense.
- b. Student-athlete is removed from team and loss of awards
- c. Student-athlete is ineligible to participate in school athletics for 1 calendar year (from date of written consequence)

UNBECOMING OR IMMORAL CONDUCT

Any athlete whose actions are deemed detrimental to the team, school or community may be permanently suspended from the team at the discretion of the Head Coach and Athletic Director.

REINSTATEMENT

- B. Referral must be made by the athlete or immediate member of the family.
- C. Referral must be previous to the first offense.
- D. Referral cannot be used by athletes as a method to avoid consequences once a training rule is violated and a student has been identified as having violated the training rules.

UNDERSTANDING A CONCUSSION

Some Common Symptoms				
Headache	Balance Problems	Sensitive to Noise	Poor Concentration	Not "Feeling Right"
Pressure in the Head	Double Vision	Sluggishness	Memory Problems	Feeling Irritable
Nausea/Vomiting	Blurry Vision	Haziness	Confusion	Slow Reaction Time
Dizziness	Sensitive to Light	Fogginess	"Feeling Down"	Sleep Problems
		Grogginess		

WHAT IS A CONCUSSION?

A **concussion is a type of traumatic brain injury** that changes the way the brain normally works. A concussion is caused by a fall, bump, blow, or jolt to the head or body that causes the head and brain to move quickly back and forth. A concussion can be caused by a shaking, spinning or a sudden stopping and starting of the head. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious. A concussion can happen even if you haven't been knocked out.

You can't see a concussion. Signs and symptoms of concussions can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If the student reports any symptoms of a concussion, or if you notice symptoms yourself, seek medical attention right away. A student who may have had a concussion should not return to play on the day of the injury and until a health care professional says they are okay to play.

IF YOU SUSPECT A CONCUSSION:

1. **SEEK MEDICAL ATTENTION RIGHT AWAY** – A health care professional will be able to decide how serious the concussion is and when it is safe for the student to return to regular activities, including sports. Don't hide it, report it. Ignoring symptoms and trying to "tough it out" often makes it worse.
2. **KEEP YOUR STUDENT OUT OF PLAY** – Concussions take time to heal. Don't let the student return to play the day of injury and until a health care professional says it's okay. A student who returns to play too soon, while the brain is still healing, risks a greater chance of having a second concussion. Young children and teens are more likely to get a concussion and take longer to recover than adults. Repeat or second concussions increase the time it takes to recover and can be very serious. They can cause permanent brain damage, affecting the student for a lifetime. They can be fatal. It is better to miss one game than the whole season.
3. **TELL THE SCHOOL ABOUT ANY PREVIOUS CONCUSSION** – Schools should know if a student had a previous concussion. A student's school may not know about a concussion received in another sport or activity unless you notify them.

SIGNS OBSERVED BY PARENTS:

Appears dazed or stunned	Can't recall events prior to or after a hit or fall	Answers questions slowly
Is confused about assignment or position	Is unaware of game, score, or opponent	Loses consciousness
Forgets an instruction	Moves clumsily	(even briefly)

Shows mood, behavior, or
Personality changes

CONCUSSION DANGER SIGNS:

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. A student should receive immediate medical attention if after a bump, blow, or jolt to the head or body s/he exhibits any of the following danger signs:

One pupil larger than the other	Repeated vomiting or nausea	Becomes increasingly confused, restless or agitated
Is drowsy or cannot be awakened	Slurred speech	Has unusual behavior
A headache that gets worse	Convulsions or seizures	Loses consciousness (even a brief loss of consciousness should be taken seriously.)
Weakness, numbness, or decreased coordination	Cannot recognize people/places	

HOW TO RESPOND TO A REPORT OF A CONCUSSION:

If a student reports one or more symptoms of a concussion after a bump, blow, or jolt to the head or body, s/he should be kept out of athletic play the day of the injury. The student should only return to play with permission from a health care professional experienced in evaluating for concussion. During recovery, rest is key. Exercising or activities that involve a lot of concentration (such as studying, working on the computer, or playing video games) may cause concussion symptoms to reappear or get worse. Students who return to school after a concussion may need to spend fewer hours at school, take rest breaks, be given extra help and time, spend less time reading, writing or on a computer. After a concussion, returning to sports and school is a gradual process that should be monitored by a health care professional.

Remember: Concussion affects people differently. While most students with a concussion recover quickly and fully, some will have symptoms that last for days, or even weeks. A more serious concussion can last for month or longer.

GOOD SPORTS ARE WINNERS: FUNDAMENTALS OF SPORTSMANSHIP

The following six steps will help people understand their responsibilities at an athletic event.

1. Gain an understanding and appreciation for the rules of the contest.
2. Exercise representative behavior at all times.
3. Recognize and appreciate skilled performance regardless of affiliation.
4. Exhibit respect for the officials.
5. Display openly a respect for opponents.
6. Display pride in your actions at every opportunity.

Never allow your ego to interfere with good judgment. Regardless of whether you are a student, player, coach, or official. This value is paramount since it suggests that you care about yourself and how others perceive you.

ISSUES IN ATHLETICS

The Brown City Community Schools is very proud of our sound educational and athletic programs. We have committed ourselves to continue to have a program that all student athletes can be proud to be part of while they are in school. As a result of our commitment, we will also invite comments and criticism from our public. We enthusiastically participate in discussion of ways to address and resolve the issue and challenges that lie ahead. When a person, such as a student, parent, coach, teacher, or Administrator has a question, concern, or complaint regarding an athletic situation we have found the following line of communication very effective in resolving issues. Wait until the next day to talk to the Coach.

1. Start with the source. Talk directly with the coach, in private, face to face, away from the practice site or game arena. A telephone call may be necessary to arrange an appointment. Appointments can be arranged through the Athletic Director by calling 810-346-2781.
2. If necessary, talk next with the head coach of the sport.
3. If necessary, talk next with the Athletic Director.
4. If necessary, talk next with the Principal.
5. If necessary, talk next with Superintendent.

All complaints MUST be heard at the lowest possible level BEFORE intervention by the higher authority can occur. This system has worked very well in the past. However, the ext arbitrator will always be willing to meet with a complainant if sub-level discussions do not accomplish their intended purpose. Help the child learn to resolve his or her own differences. When a student successfully deals with difficult situations, he or she learns and grows. Of course, a parent always has the right to intervene on behalf of a child. When stating your concern be prepared with the facts in so far as you understand, or can ascertain, them. Think through your expectations for the outcome resulting from voicing your concern. That is, be clear about what you hope will happen as result of your meeting. As you converse with the coach, or other authority, repeat back what you hear him or her say to be sure that you understand the important points. Stay calm and friendly as you talk and listen.

We always assume that all parties have the best interest of the students in mind when concerns are discussed. We will make every effort to assure that the student is not penalized or placed in an awkward position as a result of voicing a concern.

APPEALS

It is understood and agreed when the Student Athlete and his or her parent or legal guardian sign the acknowledgment of the BROWN CITY ATHLETIC CODE that they agree to abide by all rules and guidelines contained, including punishments for violations.

There may be an occasion, however, when the Student Athlete and/or his or her parent or legal guardian either do not feel the violation took place or the punishment is not in accordance with this Athletic Code. The Athletic Appeal Council is established to hear such cases.

If an athlete and/or his or her parent or legal guardian feels it is necessary to appeal a decision, a WRITTEN request must be submitted to the Brown City Athletic Director within 2 calendar days after the notification of punishment for a violation takes place. Within two (2) school days of receipt of the appeal, the Athletic Director shall notify the student and parents of a hearing to be held under the following rules and regulations:

1. A letter stating the date, place and time of the hearing is to be sent to the athlete's parent(s) or guardian(s).
2. Witnesses may be presented at the hearing and the athlete or his/her parent(s) guardian(s) shall have the right to question any witness that is testifying against the athlete. It shall be entirely within the Appeal Council's discretion to admit only those people whom the council feels are essential to insure a fair and equitable settlement of the appeal.
3. The Athletic Appeal Council shall render a written opinion of its findings to all parties concerned within two (2) school days of the appeal hearing.

The Brown City Athletic Council has the power to uphold, modify, or reverse any previous decisions. Should the Committee reverse a decision, all records regarding the situation will be removed from the file of the Student Athlete. Suspensions or expulsions will stand and be in force during hearing proceedings or until such time as the Council deems.
