

# Brown City Community Schools MICIP Portfolio Report

## Determine Student Well-Being

*Status:* ACTIVE

*Summary:* Brown City Schools will create processes and procedures to evaluate student well-being and increase evidence-based data sets by 33% by 2022.

*Created Date:* 03/01/2021

*Target Completion Date:* 06/04/2022

### Strategies:

(1/2): Whole School, Whole Community, Whole Child Framework (WSCC)

*Owner:* Brad Hale

*Start Date:* 03/25/2021

*Due Date:* 06/04/2022

*Summary:* "All educators want to improve the work they do for students, their families, and the community. Whether it's instruction, school climate, leadership, family engagement, or any of the other issues schools face on a daily basis, all educators need tools to help them improve their actions and methods. A whole child approach, which ensures that each student is healthy, safe, engaged, supported, and challenged, sets the standard for comprehensive, sustainable school improvement and provides for long-term student success. The Whole Child approach is an effort to transition from a focus on narrowly defined academic achievement to one that promotes the long-term development and success of all children.

"

*(2/2): Healthy School Action Tools (HSAT)*

*Owner:* Neil Kohler

*Start Date:* 04/27/2021

*Due Date:* 06/04/2022

*Summary:* HSAT stands for Healthy School Action Tools - Comprehensive tools designed to help Michigan schools and districts create a culture that supports learning by first measuring the health of school environments, and then planning and implementing improvements based on best practices. The HSAT helps schools or districts create a healthier school environment by offering: 1) Ways to measure how well existing foundations supports school health; 2) Recommendations for highest need topic areas to assess; 3) Suggestions for meaningful improvements; 4) Assistance in prioritizing actions that make a difference and; 5) Easy ways to share progress with school teams and stakeholders.
